ADVANTAGE PRICING

Quantity discounts YOU control! Your discount is based on the total number of same sized items no matter how many different images you use. (i.e. 40 5x7s of image 'smith.jpg' + 75 5x7s of 'taylor.jpg' =115 total 5x7s. This takes your final 5x7 print price from \$1.50 per print to \$1.19.)

02 METAL

Images printed directly on finished aluminum offer a truly unique presentation. We offer the lowest price on ready to hang metal with sizes up to 38x58. Our ChromaLuxe™ Metal is available in gloss (brilliant whites, high gloss), semi-gloss (similar to gloss, less glare), matte (satin like, minimal glare) and metallic (clear base, metal shows through).

Metal Floats feature a raised aluminum plate, complemented by a custom background on luster or metallic paper. Take your images to a new dimension with our freestanding metal curves.

To clean your Metal Print, use glass cleaner and a clean rag. Due to the nature of aluminum, tiny bumps and imperfections are inevitable in the final product yet do not detract from the unique beauty of the metal print.

FEATURES

- We use high-heat technology to fuse your image into aluminum metal for incredible visual depth and luminosity
- All metal prints come standard with metal hanger and clear wall bumpers
